## SUMMARY

Full Stack Web Developer aspiring to deliver heightened user experiences to enhance everyday lives. A recent grad from a Coding Boot Camp at the University of Irvine California, having acquired skills in CSS, HTML, Javascript, and MERN stack. A life long learner, excited to leverage skills to identify issues and resolve programming challenges. Adept at multitasking, meeting deadlines, being creative, and working well with teammates as a result of having worked in the fast paced hospitality industry. Able to anticipate and distinguish the needs of users and motivated to write effective code.

## TECHNICAL SKILLS

**HTML, CSS, Javascript, Node.js, Express, MongoDB, Github, RESTful APIs**

## PROJECTS

**Harmonize** | <https://github.com/davidwu92/Harmonize2> | [harmonizers.herokuapp.com](https://harmonizers.herokuapp.com)

- Created a full-stack social media platform for musicians looking to collaborate with other musicians.
- Served as the backend developer, creating RESTful API and modals in addition to supporting front end logic. Features worked on: login/signup, forgot password, friends request, and upload picture/embedded links.
- **Tech Used:** MERN, Nodemailer, Multer, GridFs, Passport, Bcrypt, Mongoose, Axios, Google API.

**LAF** | <https://github.com/davidwu92/Project-Two> | [the-laf-app.herokuapp.com](https://the-laf-app.herokuapp.com)

- Created a full stack application that digitizes Lost and Found for events or businesses.
- Served as a full-stack developer, creating RESTful API and modals. Features worked on: login/signup, search functionality, posting lost items, and adding events.
- **Tech Used:** Node.js, Passport, Express, MongoDB, Sequelize, Axios.

## EXPERIENCE

**Bellman**

2007 – Present

**Anaheim Marriott**; Anaheim, CA

Respond immediately to guest requests or concerns and promptly resolve issues.

- Set-up and manage satellite shipping desk during high volumes of inbound/outbound shipping. Responsible for posting over \$6000 daily in revenue.
- Trained the entire department when implementing new shipping & receiving software.
- Fill in for supervisor duties when the supervisor goes on vacation.

## EDUCATION

**University of California Irvine**; Irvine, CA

**Full Stack Web Development Certificate**

*A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, & ReactJS*
