SUMMARY

Full Stack Web Developer aspiring to deliver heightened user experiences to enhance everyday lives. Recently graduated from a Coding Boot Camp at the University of Irvine California, having acquired skills in CSS, HTML, Javascript, and MERN stack. A life long learner, excited to leverage skills to identify issues and resolve programming challenges. Adept at multitasking, meeting deadlines, being creative, and working well with teammates as a result of having worked in the fast paced hospitality industry. Able to anticipate and distinguish the needs of users and motivated to write effective code.

TECHNICAL SKILLS

HTML, CSS, Javascript, Node.js, Express, MongoDB, Github

PROJECTS

Harmonize | <https://github.com/davidwu92/Harmonize2> | harmonizers.herokuapp.com

- Created a social media platform for musicians looking to collaborate with other musicians.
- Served as the backend developer, creating RESTful API and modals in addition to supporting front end logic. Wrote the code for forgot password, friends request, and upload picture/embedded link features.
- **Tech Used:** Nodemailer, Multer, GridFs, Passport, Bcrypt, Mongoose, Axios, Google API

LAF | <https://github.com/davidwu92/Harmonize2> | harmonizers.herokuapp.com

- Created a social media platform for musicians looking to collaborate with other musicians.
- Served as the backend developer, creating RESTful API and modals in addition to supporting front end logic. Wrote the code for forgot password, friends request, and upload picture/embedded link features.
